

Strategic Plan 2025 to 2030

Who We Are

Vasey RSL Care has a proud history of providing accommodation and services to veterans and their families, including war widows. As we mark the first twenty years of the organisation and move into our third decade, we reaffirm our Vision, Promises, Purpose and Mission, focusing on what is required to achieve the priorities for our community that we have set out in this Strategic Plan. We are working to become known as the leading provider of veteran-centric accommodation, care and services across generations, with research and demographic data showing us where our priorities for the future lie.

Our Vision:

A home and community for life

Our Purpose:

We provide and advocate for safe and inclusive care, accommodation and support services for veterans, their families and the broader community

Our Promises:

- Dignity
- Camaraderie
- Tradition

Our Mission:

Serving those who served

Priorities 2025-2030

Veteran Transitions...

Be there for veterans during transitions and life's challenges

Growing Our Impact...

Integrate new services into areas where veterans choose to live

Inclusive Living...

Lead contemporary and inclusive living

Support at Home...

Enable safe and supported living at home

Priority 1

Veteran Transitions

Be there for veterans during transitions and life's challenges

We stand by veterans, their families, and the community at every step of the way. This is all part of valuing and acknowledging the contribution of those who served in the defence of our nation.

- Reduce homelessness through services that lead to lasting change
- Offer services early for veterans transitioning out of the ADF, and their families
- Grow innovative, specialist services to support all generations of veterans and their families
- Advocate for government funding in response to the Royal Commission Recommendations 87 and 88

Priority 2

Inclusive Living

Lead contemporary and inclusive living

We create places where people feel safe and can live their best life as part of a welcoming community, particularly as they age.

- Create aged care and retirement living that are the preferred choice for veterans and their families/significant others and the local community (infrastructure)
- Focus on integrated living and lifestyle solutions that provide a continuum of care and community connection (services)
- Deliver innovative solutions to the aged care reforms
- Maintain and upgrade accommodation in line with changing expectations

Priority 3:

Growing Our Impact

Extend Vasey RSL's impact

We will integrate new services into areas where veterans choose to live, increasing our presence in metropolitan and regional areas.

- Engage with communities to develop complementary services
- Extend services in areas of high veteran populations and service demand
- Provide infrastructure to support service expansion

Priority 4:

Support at Home

Enable safe and supported living at home

We help people, including those who have served their nation or community, to have access to high quality services and support to lead the life they choose.

- Increase the number of veterans and their families supported at home
- Expand service options for those living at home
